

A PCA plot showing the distribution of Text Embeddings (blue dots) and Image Embeddings (orange dots) in a 2D space defined by PCA Component 1 (x-axis) and PCA Component 2 (y-axis). The x-axis ranges from -1.00 to 1.00, and the y-axis ranges from -1.00 to 1.00. The Image Embeddings form a large, dense, roughly circular cluster centered around (0.00, 0.00). The Text Embeddings form a smaller, more elongated cluster that overlaps with the Image Embeddings, primarily located in the upper-left and upper-right regions of the Image Embeddings cluster. A legend in the top right corner identifies the two data series.
